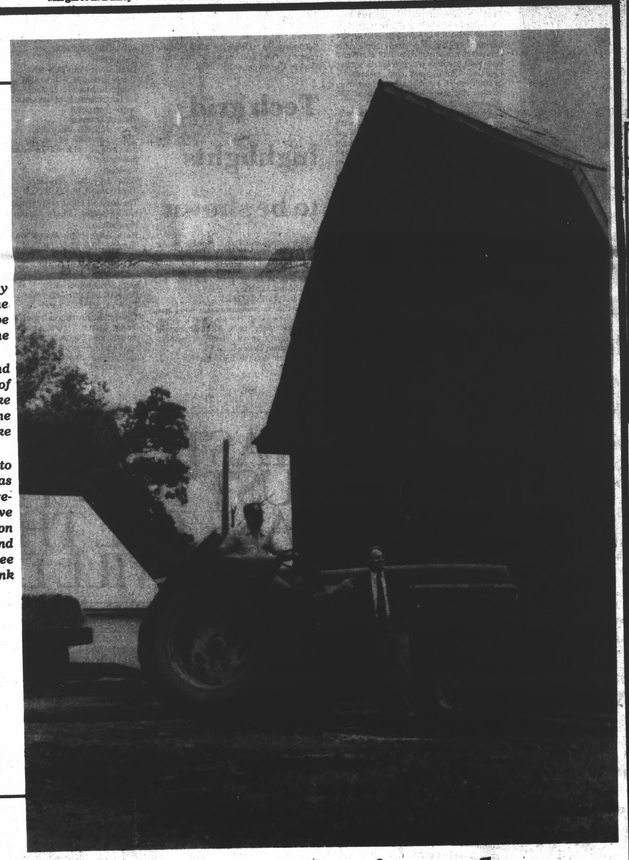
Mrs. Dudley says "thanks"

Editor:

The support which the Times-Virginian gives to the American Cancer Society in its effort to "Conquer Cancer in our Lifetime" is greatly appreciated. We have just completed our most successful fund-raising campaign in the Hixburg-Hollywood-Pamplin-Piney Ridge area. Total contributions, $788.59 - set a new record for this section of the county.

We especially appreciate the time and effort of our 1984 Crusaders: Donald and Florence Baldwin, Michelle Baldwin, Jean Covington, Elbert Davis, Hilda Gilliam, Roy Lucado, Bob Miner, Ester Price, Julia Wingfield, and Maybelle Womack.

Yours Sincerely,
Margaret L. Dudley



Living and raising a family or building a business in the country takes a different type of resource than living in the city.

We, at Farmers, understand that and we know the needs of our rural citizens. We, like you, choose to be part of the country tradition and we, like most of you, grew up in it.

However, when it comes to finance you'll find us as competitive and knowledgeable as our city cousins but we think we have the edge on them in knowing and understanding you. Come see us at Farmers -- We think you'll think so too.

Bowman says thanks

Editor:

Appomattox Elementary School wishes to thank the Junior Woman's Club of Appomattox and the Appomattox County Sheriff's Office for the fingerprinting of children recently conducted at our school. Special thanks to Mrs. Sue Waddell and Mr. Gene Richardson for their organizational abilities. It was a large task and one that was accomplished well with parent cooperation and understanding.

Students were informed in an appropriate manner of how to deal with strangers and risks involved when out alone. It is unfortunate that our children's lives need to be protected in such fashion; however, should the need to use fingerprints arise, many parents in Appomattox County will feel comforted by this measure.

Sincerely yours,
Charles T. Bowmann

Editor:

Recently, NBS featured a movie entitled "Special Relationship." It was about a group of anti-nuclear terrorists who threatened to destroy Charleston, South Carolina, unless the military deactivated the nearly 1,000 missiles surrounding the city.

I was shocked at what could happen. If a nuclear weapon was detonated. As a mother, I don't want my son growing up in a world of death and destruction.

Our government spends billions of dollars on nuclear weapons while millions of people live in poverty here in our own country. Like many government spendings, this is not necessary.

I sometimes wonder what one person could do about this problem which continues to grow greatly each day. However, the only answer I see at present is to make this matter publicly known so we can all work together on solving it.

I certainly hope that I never see the day when our own government destroys the little peace and harmony we do have in the world today. I also hope my child never has to see such destruction.

A Concerned Parent,
Jane Cindy Osborne
